#### *Residents of Kentucky*

- 1) File an application for admission with the Alice Lloyd College Admissions Office.
- 2) File the Free Application for Federal Student Aid (FAFSA). Failure to file the FAFSA by November 1st may result in the loss of grants/scholarships that will result in additional student out-of-pocket cost. Priority will be given to students who complete the FAFSA prior to November 1.
- 3) List Alice Lloyd College as one of your school choices so your information will be transmitted electronically to ALC.
- 4) If you file the electronic on-line FAFSA, be sure to keep your PIN number in order to make corrections later.
- 5) Copies of parents' and students' tax returns or statements of nontaxable incomes are required for any Pell eligible student.

#### *Out-of-State Residents*

No student can be awarded financial aid unless the Free Application for Federal Student Aid (FAFSA) has been filed. Forms are available from high school counselors and the Alice Lloyd College Admissions Office and Financial Aid Office.

After the FAFSA has been processed, the Financial Aid Director will notify students with a Financial Assistance Award indicating the financial aid for which they are eligible. The Financial Assistance Award is the actual notification of all monies received for student accounts.

All scholarship recipients and returning students must complete the FAFSA and file it in the Financial Aid Office by November 1st for the following year. Applicants should understand that failure to complete an application for financial aid by November 1st could have serious financial repercussions.

### **Satisfactory Academic Progress (SAP) Criteria for Financial Aid**

Satisfactory Academic Progress (SAP) ensures students are able to complete their academic program in a timely manner while maintaining adequate academic standards. In an age of increasing accountability of the use of federal student aid funds (and other federal, state, and institutional funds), institutions and students must demonstrate financial aid funds are being used to assist students in completing their academic goals in the most efficient way.

Federal regulations mandate that all students maintain SAP toward a degree in order to receive assistance through Title IV federal financial aid (including, but not limited to, the Pell Grant, Stafford Loan, Perkins Loan, Parent PLUS, Federal Work-study, Supplemental Educational Opportunity Grant, TEACH Grant,) and need-based state aid (such as the Kentucky Tuition Grant and Kentucky CAP Grant) programs. Students must meet the academic standards as outlined in the SAP policy. These standards are for financial aid purposes only and neither replace nor override academic policies outlined by Alice Lloyd College. The SAP policy applies to all undergraduate students.

Second, how do social factors influence the definition of and prevalence of mental illness? Finally, how should society prevent and respond to mental illness? That is, how does society react to those thought to be mentally ill and how is treatment structured. This course examines the sociological theories and research used to answer these three questions.
