Discussions:

- Members that attended signed up for office hours for the upcoming semester,
- President Hammonds discussed an open slot for Vice President of Campus Involvement.
- After discussion and voting President Hammonds and the other officers elected Madison Haymaker as Vice President of Campus Involvement,
- The next item on the agenda was the discussion of the election process for the upcoming year. We elected to accept two seniors, juniors, and sophomores. We then elected to accept four freshmen into SGA for the upcoming year.
- Next we discussed the possibility of a SGA sponsored even on September 3rd, a cookout and tailgating event.
  - Events include corn hole, football, and other games in which first and second place may get a prize
  - 80 dollars was left over in Walmart gift cards. This money may be used for prizes for a variety of events including but not limited to the cookout.
- Next we discussed a variety of events that SGA would like to sponsor this semester
  - Such events include: Basketball theme nights, Blood drive, Christmas Samaritan Purse, December de-stress feast week before finals, and Halloween and Homecoming dance, Lip Sync/ Karaoke Night
- Next we discussed possible proposals, proposals include but are not limited to:
  - Electronic cigs, vending machine proposal, trash cans in dorm, homecoming and Halloween dance, Human V. Zombies/ GOTCHA, (items listed above can be elaborated and will be explained with great detail during the proposal process)
- President Hammonds asked if any other items needed to be discussed, and then the meeting concluded

Duration of the meeting: 4:00-4:35. 35 minutes.

Campus Gas System
Public Awareness Notification
Post Date: 8-24-15

As a Master Meter Operator, Alice Lloyd College wants to ensure natural gas service to all consumers on campus. In doing so, we want to ensure the consumer that the pipeline system at the time of installation was in accordance with the natural gas supplier and is being maintained with the same integrity.

Being a Master Meter Operator, Alice Lloyd College wants the consumer to be informed of potential hazards and preventive measures taken by the supplier to secure the integrity of the pipeline system. Listed below are potential hazards and methods of prevention:

Potential Hazards Preventive Method
- Leaks Leakage Survey, Patrolling, Odorant Test
- Corrosion Corrosion readings
- Dig Ins Member of KY 811 Program

Maintenance personnel work diligently to maintain the integrity of the pipeline system. The following procedures are conducted in a timely fashion to ensure safety and security to the consumer:
1. Weekly Sniff Test and Chart Reading at Master Meter.
2. Line Patrolling.

Assisting Alice Lloyd College in responsibility to the consumer is Moore’s Pipeline Service. Moore’s Pipeline Service is owned and operated by Mr. Jack Moore. Services provided by Moore’s Pipeline Service are listed as followed:
1. Annual Leakage Survey.
2. Pipeline Patrol.
3. Education and Re-Certification of Maintenance Personnel.

All records pertaining to the gas system are on file at the Office of Physical Plant including the Public Service Commission Report.

You the consumer can play a vital role in protecting our campus community. Detecting a leak and knowing what to do if a leak is suspect is at the utmost importance. When it comes to detecting a gas leak, it’s best to trust your senses:

Smell: To help you smell natural gas leak, a familiar odor like rotten eggs is added to gas.
See: Near a gas leak, you might see blowing dirt, bubbling water or an unusual area containing dead vegetation.
Hear: A leaking pipeline might make a hissing sound you can hear.

If you suspect a natural gas leak, do the following:
- Walk away. Leave the area immediately. DO NOT try to find or stop the leak.
- DO NOT do anything to create a spark, like lighting a cigarette, using a cell phone, starting a car, or turning on or off lights.
- Call one of the following Alice Lloyd College personnel or 911.
