Dear Friends,

I hope this edition of ***Pippa's Song*** finds you well. In this issue, our Annual Report is featured, and we are blessed to recognize you – our wonderful and dedicated friends. Alice Lloyd College does not accept direct federal or state funds; therefore, we must rely upon alumni and friends throughout America for annual operating income. It is through your support of Alice Lloyd College that we are able to educate the future leaders of Appalachia, and we are grateful.

On May 7th, the ALC Class of 2016 walked the Purpose Road for the final time as undergraduates, and The June Buchanan School held its graduation the day before. We hope you will join us in praying for our new graduates as they lead and serve others throughout their lives.

Once classes begin this fall, our new and returning students will find many improvements to campus. We are excited to begin our campus center project, and I will share more about this in the coming months. Please continue to watch our website and future editions of ***Pippa's Song*** for more on this project.

In this issue of ***Pippa's Song***, you will also enjoy reading stories about our alumni, students, and friends. On the adjoining page you will see the official announcement of the Robert M. Duncan Leadership Institute and Mentoring Program, which will benefit students for many years to come. You will also read about a campus-wide program, Power Up with Nutrition, whereby our students gather food and supplies to give to local needy children.

Our men's basketball team finished first in our division of the KIAC and earned a bid to participate in the NCCAA national tournament. See more highlights from the 2015-2016 season on page 2. You will find that accomplishments are occurring in the classroom as well, with an article on page 3 about JBS's Academic Team and its successful season.

With the success of our alumni, it is evident that Alice Lloyd's goal of preparing the next generation of Appalachian leaders is still being reached. See our latest alumni news on page 34 and 35, including a letter from the new Alumni Association President, Jerry Wayne Slone.

We were founded on a strong commitment to provide affordable education to the people of Appalachia. Alice Lloyd and June Buchanan both had an unwavering belief that the Lord would continue to "send friends who would keep this miracle alive." Thank you for your continued support in helping us carry on the miracle on Caney Creek.

Robert M. Duncan Leadership Institute and Mentoring Program

On Saturday, April 9th, members of Alice Lloyd College attended an event to honor and celebrate the Chairman of the Board of Trustees, Robert M. Duncan's 65th birthday. The event catered to close friends and family, various mentees of Mr. Duncan's, as well as numerous influential figures. However, the event was more than a birthday celebration. It was a commemoration of Mr. Duncan's lifetime of providing mentoring to those around him.

Alice Lloyd College is pleased to announce the creation of the **Robert M. Duncan Leadership Institute and Mentoring Program** established to honor Mr. Duncan's life-long commitment to mentoring countless individuals, especially in the areas of education, government, and business. Many leaders in Kentucky and across the nation have benefited from him selflessly giving his time as a mentor. His mentorship has been prominently recognized, particularly his work with the Inez Deposit Bank Internship Program which has been featured in the *Los Angeles Times* and on national media.

During his thirty-eight years of service on the Board of Trustees at Alice Lloyd College, and specifically as Chairman of the Board since 1990, hundreds of Appalachian students have received a high-quality, tuition-guaranteed education while participating in the College's self-help work program. When asked about Mr. Duncan, education mentee and Alice Lloyd College President, Joe A. Stepp, commented that Mr. Duncan is "a true servant leader who cares deeply about the young people of Appalachia and their future. Alice Lloyd College has been blessed with his many years of service and continued counsel."

The Robert M. Duncan Leadership Institute will incorporate a similar format that Mr. Duncan has used for four decades at the Inez Deposit Bank Internship Program: Earn, Learn, and Serve. Mentees will participate in learning opportunities, a service program, and may be provided with internship opportunities as well. Alice Lloyd College's mission to educate Appalachian people for positions of leadership is consistent with the institute's principles of Earn, Learn, and Serve.

Looking forward, it is through Alice Lloyd College's foundational emphasis on servant leadership that Mr. Robert M. Duncan's loyal mentees hope to take his example of committed and generous mentoring and pay it forward with the Robert M. Duncan Leadership Institute.

ALC Recognized for Battling Hunger

By Adele Williams, student contributor

Alice Lloyd College's Power Up with Nutrition program has been recognized by *Engage Magazine*. *Engage Magazine* recognizes social entrepreneurship and is released by the Sullivan Foundation, a longtime friend of Alice Lloyd College. In addition to recognizing ALC's Power Up with Nutrition, the Sullivan Foundation supports ALC through annual scholarships for tuition, awards, such as the Mary Mildred Sullivan and Algernon Sydney Sullivan Award, and an endowment for student education retreats. ALC's Power Up with Nutrition aims to help local children that face hunger.

Power Up with Nutrition was formed in late 2013 when ALC professor and PBL Advisor, Mrs. Denise Jacobs, other faculty members, and several ALC students were made aware of the outstandingly high percentage of local youth that go hungry during the weekend. Statistics say that about 80 percent of Knott County public school students are low-income and that around 1000 of our youth are considered homeless (not living with either parent). Often, teachers say that they see students skipping their Friday lunch and taking it home to ration it throughout the weekend, ensuring that they have something to eat until Monday's breakfast. Mrs. Jacobs felt that Alice Lloyd College had an obligation to call attention to this dilemma facing Knott and surrounding counties by founding the Power Up with Nutrition program.

Power Up with Nutrition, now organized by ALC's Phi Beta Lambda, along with a half dozen more of ALC's clubs and groups, have united in fighting this problem. Every week needy children at Jones Fork Elementary in Knott County, Kentucky are given a gallon bag of food so that they are well fed throughout the weekend.

ALC recognized for Battling Hunger — Phi Beta Lamda members pack food packs

Mrs. Jacobs says, "The students and I are very excited about this opportunity. It's a humbling experience to hear how appreciative these local students are to receive their food pack." The dedicated group hopes to expand their services as necessary funds and donations allow.

Donations accepted include food that does not spoil quickly and monetary donations to buy food and Ziploc bags with. Examples of accepted foods include Saltine crackers, fruit cups, macaroni & cheese cups, pudding cups, and other packaged foods that are easily opened and prepared by children. All donations are greatly appreciated and help ensure local students do not go hungry.

If you would like to donate or learn more about Power Up with Nutrition, please contact Mrs. Denise Jacobs via email at denisejacobs@alc.edu.

Eagles Celebrate Successful Season

By Adele Williams, student contributor

Coach JR Hammond — KIAC Coach of the Year

The Alice Lloyd College men's basketball team is still celebrating a very successful season. In addition to competing in the NCCAA National Championship and winning the KIAC Capital Division Championship, our ALC Eagles basketball team is now home to the 2015-16 KIAC Player of the Year *and* the 2015-16 KIAC Coach of the Year.

Coach "JR" Hammond is thrilled to have been named Coach of the Year, an award given to him by the vote of his peers. A proud alum of the College, Hammond has coached at ALC for eight years now. His love for the game of basketball stretches into his youth. He began playing basketball at a young age and decided early on that he wanted to one day become a coach, even going on to earn a Bachelor of Arts in physical education. While playing basketball in college, Coach Hammond fondly remembers playing in NAIA National Tournaments for four consecutive seasons. Coach says, "It's an honor to be given this title. However, I would have never been given this award without my incredible team. They are the ones who deserve the glory."

The Eagle's team has not gone unrecognized. Tyler Rogers, number thirty-two, was named the 2015-16 Player of the Year. Rogers, from Lexington, Kentucky, competed against over one hundred players for the title, and received the most votes from the teams' coaches for the award. Standing at 6'7", Rogers shot 52.5 percent from the field, and averaged at 16.4 points, 5.9 rebounds, and an NAIA-best of 3.9 blocks per game. Finding the perfect end to his basketball career at ALC, the soon-to-be graduate says, "I'm so thankful to have been named Player of the Year."

Tyler Rogers Scores against the University of Rio Grande

The team does not let their victorious season go to their heads though. Instead they keep themselves humbled by using their spare time to volunteer in the community. Recently the team spent some time at a local nursing home visiting with the residents and gardening around the entrance of the facility. One player says, "Our community supported us through our entire season and we want to give back in any way that we can." One of the best seasons the team has seen in recent years, we are sure that their success will not soon be forgotten.

The IRA Charitable Rollover Made Permanent!

The ***IRA Charitable Rollover*** giving incentive was first enacted in 2006 as part of the Pension Protection Act. It provided a wonderful opportunity for philanthropic people age 70 ½ and older – perhaps like you – to donate a qualified charitable distribution (QCD) up to $100,000 from their Individual Retirement Accounts to charities – like Alice Lloyd College – without having to count the distributions as taxable income.

After several extensions, the IRA Charitable Rollover opportunity was finally made permanent through ***The Protecting Americans From Tax Hikes (PATH) Act of 2015***.

If you are an IRA owner age 70 ½ or older and don't actually need the required distribution for 2016 – nor the extra taxable income – please consider sharing it with Appalachian students who are preparing for a future of service and leadership in Appalachia. ***Remember, a direct transfer from your IRA to Alice Lloyd College will not be included in your federal taxable income***. Only regular and Roth IRAs qualify for the rollover. If you have other qualified retirement plans, you may be able to roll them over to an IRA and then use the IRA rollover to make a gift.

We have been blessed to receive several IRA Charitable Rollover gifts each year since 2006, and such support has made a tremendous difference in what we are able to do for our Appalachian students. It's great for Alice Lloyd College – and it's great for YOU!

Jordan Maggard: Working Hard to Reach His Dreams

by Adele Williams

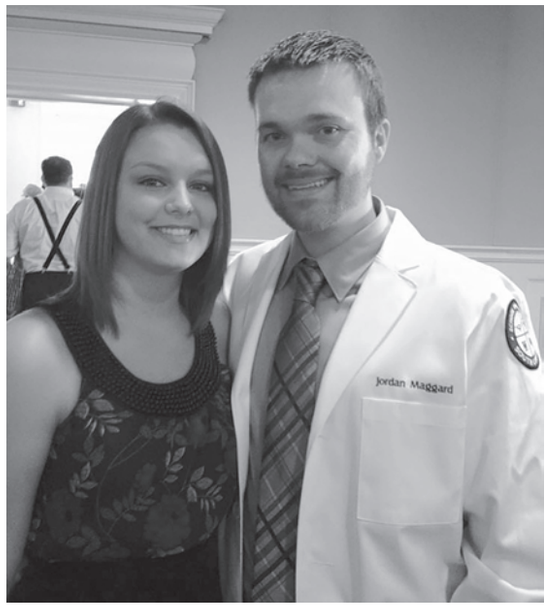
Jordan Maggard, from Viper, Kentucky, has been very successful since graduating from Alice Lloyd College in the spring of 2009 with a bachelor's degree in biology and a minor in chemistry. Jordan is now a staff pharmacist at CVS Health in Hazard, Kentucky.

Jordan enrolled at Alice Lloyd College in 2005, after graduating from Perry County Central. He says that attending Alice Lloyd College was key in developing the strong work ethic that helped him through pharmacy school. "Not only did the student work program help me build a stronger resume, but it also helped me gain an appreciation for hard work and perseverance." Jordan worked in several different departments while at ALC including the Hunger Din, a janitor in the men's dormitory, and finally a teacher's assistant for the biology department.

Now grateful for the experience, Jordan remembers that the Student Work Program was one reason among many why he chose to attend Alice Lloyd College. To begin, the College was very close to home for Jordan. In addition to this, he was offered an academic scholarship prior to attending ALC that made the cost of attendance for him even more affordable. He was able to graduate with his bachelor's degree and very little debt.

After graduating from ALC, Jordan attended a local community college where he earned his Associates in Applied Science (Nursing). He then went on to the South College School of Pharmacy in Knoxville, Tennessee where he graduated Magna Cum Laude with his Doctorate of Pharmacy in 2015. He attributes his success in pharmacy school to ALC, saying "I believe that ALC gave me a very solid education to build upon." Jordan says that he feels he was better prepared for the demanding and laborious academics of pharmacy school because of ALC's rigorous biology program.

While Jordan reached his dream of becoming a pharmacist, he says that there is still a lot in store for his future. Jordan recently purchased a new home with his



wife, and has plans to one day operate a compounding pharmacy in the area. Jordan's advice to students is to always follow your dreams. He says, "Never give up, no matter how difficult things get. Always value and prioritize your education. With hard work and determination anything is possible." Jordan would also like to thank his wife, Whitney, and his parents for all of their ongoing support and encouragement.

ALC Alumni Association Welcomes Its New President

Dr. Jerry Wayne Slone

Hello Friends!

I hope you all are well!

I am excited to let you know that I am now serving as president of the Alice Lloyd College Alumni Association! This is a pretty big deal for me because I have never been the president of anything…but I did run for class president my freshman year of high school, and came in third. Although I have only been in this position since January, I can already tell you that this president thing is pretty tough business.

I just got an invitation to attend my 40th high school reunion. Wow! It is hard to believe that it has been 40 years (and 40 pounds) since I graduated high school and enrolled as a freshman at Alice Lloyd College. Time flies when you are trying to educate the youth of Appalachia and lead them down the Purpose Road! Even though students today may have cell phones, Instagram, Facebook, and Twitter, I find that not much else has changed. Young people still have hopes, dreams, and aspirations for a better life—just like we did when we were their age.

In my new role as president, I really hope to make a positive impact upon a place that I hold so dear. I can tell you there are some exciting developments coming in the months ahead that I'm certain you won't want to miss! ALC President, Dr. Joe Stepp, and Executive Vice President, Dr. Jim Stepp, are working hard and will be sharing details soon. So stay tuned!

I do hope that, like me, you look back fondly on your time at Alice Lloyd College—and are excited about being part of its future. I invite you to visit and take a walk down memory lane with me. I will even buy your lunch! (Truth is, I won't really have to pay for your lunch, it will be free…but it makes me sound like a big shot. After all, I am the Alumni Association president!)

I have been given a limited amount of writing space for my first presidential letter and it's running out!

I look forward to hearing from you!

Jerry Wayne Slone
