## Cramfest, December 4th

Pioneer Catering (Hunger Din) is once again providing comfort food for students during exam week beginning at 9:00 p.m. on Monday, December 4th.

Guarding a plate of bacon.

## Weekly Riddle

Your friend flips two coins behind your back and tells you: "At least one of the coins came up tails." What is the probability that both coins came up tails?

Riddle Answer on Pg. 10

## Quiet Hours in all Residence Halls

Please remember that quiet hours will be enforced in all residence halls and the immediate areas outside the hall from Friday, December 1st through the last final exam on December 8th. The quiet hours are enforced in lobbies of the residence halls as well. Please be considerate of students who are studying for exams.

# Hunger Din Menu

## Tutoring Center

The tutoring center will be open finals week by appointment. If you don't schedule an appointment, we can't promise there will be a tutor available. To schedule an appointment, contact Angela Shepherd: email:

[ad\\_shepherd@alicelloyd.edu](mailto:ad_shepherd@alicelloyd.edu) or message the tutoring center Facebook page. Appointments should be made before Sunday December 3rd.

Thank you,

# SGA /Kentucky Blood Center Blood Drive

The last blood drive for the fall semester is scheduled for November 28th in Cushing Hall. This is a very important drive because there is an increased demand for blood during the holiday season. Please donate if you possibly can. The drive begins at 9:00 a.m. and ends at 3:00 p.m.

Students needing convocation credit for donating, must see Janet Johnson.

## Weekend Duty

**Thanksgiving  
Break, No  
R.A.'s on duty**

### Riddle Answer

**There are four possible outcomes when you flip two coins: head and heads, tails and tails, head and tails, or tails and heads. Because at least one of the coins is tails, that leaves you with only one three possible outcomes. Out of these three outcomes only one of them satisfies the condition of both coins coming up tails, therefore the probability for both coins being tails is  $1/3$ .**
