THE CAMPUS VOICE

ALICE LLOYD COLLEGE JANUARY 14TH

ALC EDUCATION MAJORS
Applications are Now Being Accepted for the 2013-2014 Student Teacher Award

Education majors who plan to student teach during the 2013-2014 Academic Year—that is either the Fall 2013 Semester or the Spring 2014 Semester—have an opportunity to apply for a Student Teacher Award which is sponsored by members of the Alice Lloyd College Class of 1982.

This is a $250.00 Cash Award which is intended to help with personal expenses (travel, professional clothing, supplies, etc.) which will be incurred during the recipient’s semester of student teaching.

For an application or more information please see Ms. Sherry Watts in the Education Department or Mrs. Teresa Grender in the Office of Alumni Relations.

Applications will be accepted through March 15, 2013, and the recipient of the Award will be announced during the Honors Day Convocation in April.

Freshmen & Sophomore SGA ELECTIONS!

Registration will be on January 14-15
Elections will be held on the 21 & 22!

YOU HAVE TO REGISTER AND SIGN YOURSELF UP! NO ONE ELSE CAN SIGN YOU UP!

JANUARY 17th

JANUARY 22ND - OPENING CONVO

*Keith Matheny, a Huntington, West Virginia native, is a seasoned performer with a powerful resume of Fortune 500 companies and over 19 years of experience. Mr. Matheny has presented to organizations such as Proctor & Gamble, The U.S Naval Academy, The Opryland Hotel, AT&T, IBM, General Motors, and Delta Airlines. He will captivate, amuse, inform, and inspire as he combines audience participation with fun demonstration of the power and ability of the mind through his presentation. "MIND OVER MAGIC" 1:00 p.m. – CAC*
**Natural Gas Public Awareness Program**

Everyone in our community is familiar with our local gas department but some may not realize that natural gas utilities receive their gas from natural gas pipeline systems. The purpose for these underground energy portals is to safely transport this vital fuel to heat homes and power businesses and vital service institutions. The transportation of natural gas through these pipelines is one of the safest methods for transporting energy, although accidents can occur. One of the ways accidents occur is when someone digs in the vicinity of a gas pipe and cuts the line. The Kentucky One-Call system is an organization to prevent these types of accidents. Dialing 811 and providing information to the operator will ensure that local utilities, including gas utilities, will mark their lines. Another way accidents occur is when leaks from pipelines, appliances or other gas-related equipment occur. Natural gas is a colorless, odorless fuel that is lighter than air. Because it is odorless, a harmless odorant, usually smelling like rotten eggs, is added to the gas so that the presence of gas may be detected. Leaks may be detected by noticing the following:

1) Smelling gas (odorant) near a meter or pipeline, sometimes after excavation work
2) A hissing or roaring sound caused by escaping gas
3) Dead or discolored vegetation in an otherwise green environment
4) Blowing dirt, grass or leaves
5) Steady bubbling in a wet, flooded areas or other water environment
6) A fire in or near an appliance or gas pipe
7) Unusual noise at an appliance
8) Unusual behavior of the flame at an appliance burner

In the event of a detected gas leak, the following should take place:

1) Leave the vicinity immediately (without making calls or operating light switches)
2) Evacuate others in the vicinity
3) Turn off and abandon cars or equipment in the vicinity
4) Do not start a car or other equipment in the vicinity
5) Do not operate any electrical or electronic equipment in the vicinity
6) Do not light a match or use another source of ignition
7) Do not smoke
8) Warn others to stay away from the area
STATE TOURNAMENT
JAN 25-26
@ EKU

Contact Matt Stewart or Samantha Williams by Jan 14th if you would like to play on the Alice Lloyd team!
