I. GENERAL INFORMATION, GUIDELINES AND RESPONSIBILITIES

A. Student Life Office

As a liberal arts institution, Alice Lloyd College is concerned with the education of the total person. The Student Life Office has an integral role in the intellectual, social, emotional, physical and spiritual growth of each individual student. From the initial contact by the College Admissions Office through graduation, the Student Services staff provides a series of activities and services which assists the student's passage through the academic process. The various services and programs provided through the Student Life Office support the educational process by fostering maturity, emphasizing responsibility, developing self-confidence and self-worth.

The Student Services staff is directed by the Vice President of Student Affairs and is comprised of the Dean of Students, Dean of Women, Director of Student Development, Director of Career Services and Convocations, Chief of Police, Intramurals Director, Student Activities Director, Student Insurance Coordinator, Athletic Director and Coaches, Director of Student Athlete Recruitment and Enrollment, Director of Housing, Head Residents, Head Resident Advisors, Resident Advisors, and Director of Health Services.

The Student Services administrative offices are located on the 2nd floor of the Davis Student Center.

B. Student Rights and Responsibilities

Alice Lloyd College students have the right to engage in the educational process, to be free from discrimination on the basis of race, creed, color, gender or national origin, to be secure in their persons, living quarters, papers and effects, to be free from illegal or unauthorized searches and

seizures, to be free from violence, force, the threat of force, entrapment and coercion, and to be informed of the standards and norms of conduct established by the College.

The Alice Lloyd College campus is a community which can contribute to the growth of all individuals, encouraging high standards of conduct and attitude.

Students have the right to speak freely, to exchange thoughts and opinions, to engage in discussion and to make inquiries, subject only to the right of the College to make reasonable rules and regulations related thereto.

The College has a supervisory role in that all individuals in the community are expected to respect institutional standards and respect the rights of others.

To promote this atmosphere, Alice Lloyd College, as a private institution, reserves the right to establish certain policies, rules and regulations, many of which are published in the Student Handbook. Students are expected to be familiar with them and the spirit of the institution. Failure to observe the policies and regulations may result in disciplinary action including fines, incident reports, social probation, suspension, or expulsion from the College.

An integral part of a complete college experience is the development of a sense of responsibility and self-discipline. In order to enhance this development, every attempt is made to provide students with independence and the opportunity to make decisions on their own. Student life at Alice Lloyd College requires maturity of values and willing compliance with the requirements of community living. Toward these ends, the Student Services staff, (supported by the President) is generally responsible for the maintenance of the student community in harmony with the purpose of the College.

C. Student Conduct

***Students are expected to conduct themselves both on and off campus as responsible members of a community and to demonstrate courtesy and respect for others.** Abusive behavior, offensive language, theft, sexual conduct inconsistent with the high standards of the College, or placing a fellow member of the community in jeopardy in any way will not be tolerated.

Consistent with the tradition and philosophy of Alice Lloyd College are high standards of conduct and attitude. The attitudes of members of this community are reflected in the manner of speaking, in consideration of others' property, in appropriate dress for the occasion at hand, in the quality of relationships, and in excellence of work performed.

Students may be informed of regulations not printed in the Handbook which also apply.

The College also reserves the right to make decisions regarding the status of students with special emotional or physical health problems. Status decisions will be based on the following considerations: health and safety of the student involved; health and safety of others; ability of the student to function in academic, labor, and social situations; the adequacy of medical care; services and facilities available on campus to respond to the student's needs; and the responsibility of the College and the amount of risk it can take in good conscience.

*The College reserves the right to suspend or exclude, at any time, a student whose conduct or influence it regards as undesirable. In such cases, fees will not be refunded and the College will bear no liability for such disciplinary action. The Student Handbook specifies the standards of conduct and students are expected to inform themselves of such regulations.

D. Student Written Complaints

Generally, complaints will fall within one of the following two areas: academic-related or non-academic-related. If a student encounters an issue or concern in one of the areas that they wish to address, the following procedure is followed:

Informal Resolution Procedure (Optional)

Students are encouraged to seek an informal resolution by discussing concerns with the appropriate faculty or staff member. If the issue is not resolved through informal discussion or the student feels uncomfortable with this step, they may proceed with the formal written complaint process.

Written Complaint Procedure

Formal grievance concerns must be in writing and include appropriate documentation needed to review the complaint.

- Academic issues, including but not limited to grade appeals, work-study issues, financial aid, or faculty concerns, should be submitted to the Vice President for Academic Affairs.
- Non-academic issues, including but not limited to housing, parking, or student code of conduct, should be submitted to the Dean of Students or Vice President for Student Services.

The appropriate administrator will review the complaint or delegate it to a more relevant campus supervisor, who may request additional information or documentation from the student or other parties involved. The formal grievance process may include a meeting to discuss the student's concerns. Once the investigation is complete, a response

will be provided to the student, outlining the findings and any actions taken to resolve the issue.

E. Disciplinary Appeals Process

Any student who is charged with an infraction of any Alice Lloyd College regulation may appeal the decision in writing to the appropriate Dean (academic or non-academic) who issued the disciplinary action within three (3) days of receiving the disciplinary decision. The appeal must clearly explain the basis for the appeal.

The respective Dean shall make the initial inquiry to determine if, in his or her sole judgment, there are reasonable grounds for a hearing. If it is determined that there are grounds for a hearing to be held, the Dean will contact the Chair of the appropriate Committee (i.e., Disciplinary Committee, Academic Affairs Committee, etc.*) to conduct the hearing. In all decisions involving a suspension or expulsion, the Dean will ask the student if he or she wishes to appeal the decision in writing before a disciplinary committee.

A third and final written appeal may be directed to the President of the College.

***Committees consist of standing committees composed of faculty, staff and student representation. Appointed by the Committee on Committees, the appropriate Committee may render an opinion to the respective Dean concerning the circumstances of a particular case. Only those persons who bring relevant testimony may be present at the hearing before the Committee. After testimony has been presented to the Committee, the**

Chair of the Committee will inform the respective Dean of the Committee's opinion.

F. Discipline, Suspensions & Expulsions

Discipline: Discipline, in its various forms, may be applied as one or more of the following:

Expulsion: Exclusion from the College for an indefinite period of time.

Students excluded from the campus through expulsion or suspension are expected to vacate the campus within 24 hours after the discipline has been assigned (unless a plea for an appeal is registered) and may not return to the campus during the period of suspension or expulsion without permission from the appropriate Dean.

Social/Disciplinary Probation: A period of time to test a student's willingness and ability to meet the conditions of the guidelines of the College. The student may have social privileges either terminated or limited during probation. There may be limitations on some activities during the period of probation, such as participation in College dances and intramurals. The student is not permitted to have off-campus guests' visit overnight in the dorm.

The College reserves the right to move students to consolidate vacancies or to improve the student life program. **We feel that it is important for a student to have a roommate; in the event a student loses a roommate, he/she will be given the option of finding a new roommate in a timely manner or will be assigned a roommate by the Housing Director. impairment, or a person who is perceived by others as having such an impairment.

Students interested in accommodations should contact the Vice President for Academic Affairs/Dean of the College, Dr. Charles T. Marshall, at charlesmarshall@alc.edu or 606-368-6061.

Upon submission of the appropriate documentation, the staff in the Dean's office will work with the student and coordinate with the Dean of Students, the Dean of the Student Work Program, and other appropriate college personnel to determine reasonable accommodations. Students are responsible for providing documentation. Documentation must be prepared by a credentialed professional, and the assessment conducted when the student was 16 years of age or older.

Assessment information must include:

- A diagnostic statement identifying a disability
- Assessment information: interview, intellectual testing, academic achievement levels, etc.
- Clinical summary indicating substantial limitations to learning or other major life activities
- Description(s) of past accommodations
- Recommendations and rationale for accommodations

Granted accommodations are not effective retroactively. They will not cover academic activities

assigned or completed before the student asked for and received accommodations. Examples of commonly requested academic accommodations include:

- Preferential seating
- Alternative testing format or location
- Extended length of time for quizzes and exams
- Alternative format of textbooks
- Alternative methods of notetaking
- Use of Assistive Technology

Examples of commonly requested housing accommodations include:

- Lower bunk
- Ground level housing

Work accommodations are based on the primary duties and responsibilities of the assigned job assignment.

Appeals of any accommodation request may be made through the grievances procedures outlined in the ALC Student Handbook.

VII. CLASS ATTENDANCE, GPA, and STUDENT WITHDRAWAL FROM COLLEGE

A. Class Attendance Policy

Students and faculty should realize that one of the most vital aspects of college experience is attendance and punctuality in a classroom and that the value of this experience cannot be exclusively measured by testing

procedures alone. Should the occasion arise in which a faculty member is unavoidably detained for a class, students *must wait a minimum of 15 minutes* before leaving.

If a student finds it necessary to miss a class, it is their responsibility to arrange with the instructor to make up all work missed. Instructors must devise their own attendance policies, have them approved by the Dean of the College, include them in their course syllabi, and explain them to students.

Continuation in a class for a student, who misses more than 20% of class time during any one semester, whether excused or unexcused, may be possible only after consultation with the faculty member involved and the Dean of the College.

B. Quality Points/Grade Point Average (GPA)

Alice Lloyd College utilizes a four-point system as a weighted accumulative of the grades received.

A is worth 4 quality points per credit hour.

B is worth 3 quality points per credit hour.

C is worth 2 quality points per credit hour.

D is worth 1 quality point per credit hour.

F merits neither quality points nor credit hours.

The Grade Point Average is a cumulative expression of the student's academic performance and is computed by dividing the total number of quality points by the total number of hours in GPA (HGpa). Withdrawal grades are not included in grade point computation except in the case of an "F" given when students withdraw from a course after the 11th week.

C. Evaluation of Student Performance

Student achievement in each course is reflected by the following letter grades:

A (Outstanding) – A high degree of excellence in the comprehension and interpretation of the work of the course; an indication of thoroughness, skill, initiative and originality in the application of knowledge gained.

B (Very Good) – Achievement above average in quality and quantity; indicated accuracy of knowledge, sustained and effective use of material in the course and independence in work.

C (Satisfactory) – A basic, average grade; indicates that the student has met the essential requirements of the course in quality and quantity.

D (Passing) – Passing, but below average; achievement inferior to the average in quality or quantity or both, yet sufficient to receive credit. A student may repeat a course in which he/she receives a “D” or “F.” The course may be repeated only once with the student receiving the higher of the two grades.

F (Failure) – Failure to meet the minimum requirements of the course.

W, WP, WF (Withdrawal, Withdrawal Passing, Withdrawal Failing) – These grades are explained in the section concerning dropping and adding classes. These grades are not computed in a student’s GPA.

I (Incomplete) – Temporary notation used only when course requirements have not been completed due to extenuating circumstances. For each grade of Incomplete, the instructor must submit to the Vice President for Academics/Dean of the College an Academic Standing Petition which specifies the work to be done to make up the Incomplete, what method is to be used to determine the final grade, and any additional pertinent information. The Registrar will not accept incomplete grades without an

Academic Petition submitted to and approved by the Vice President for Academics/Dean of the College. An incomplete grade must be made up within the first 30 days of the next regularly scheduled term. Failure to make up the incomplete within the required period of item will result in a failing grade.

P (Pass) – Students taking courses that assign Pass/Fail rather than letter grades will receive a grade of P when they reach the necessary level of proficiency in that course, or an F if they fail to do so.

D. Final Grade Appeal

If there is a disagreement regarding a final grade, every attempt should be made to resolve it, first through discussion between the student and the faculty member, then between the student and the division chair.

If the disagreement is not resolved in this manner, the student may submit a formal appeal in writing to the Vice President for Academics/Dean of the College, who may appoint a committee of three faculty to investigate and provide recommendations on the merits of the appeal, before a final decision is rendered by the Vice President for Academics/Dean of the College. Formal appeals must be made within thirty days after receipt of the final grade.

E. Student Withdrawal from College

The College regards the registration of a student as a contractual agreement. For this reason, special procedures must be followed in the event a student withdraws from the College. Students withdrawing should personally circulate a withdrawal form, obtained from the Director of Student Development. If the student cannot appear in person, or if the withdrawal occurs when classes are not in session, the Vice President for Student and Community Life/Dean of Students should be notified by letter. Formal withdrawal

protects the privilege of re-enrollment or of transfer credit to another college. Failure to follow withdrawal procedures during any session results in an “F” grade in all courses being taken. Such grade entries include the notation “Improper Withdrawal.”

Policies concerning a withdrawing student’s financial obligations can be found in the Financial Aid section of the ALC catalog.

Students who withdraw from the College will have one of the following notations on their permanent record, depending on the time of the withdrawal.

1st-4th Week

W*

After 4th Week

WP* or WF*

***Not computed in the student’s GPA**

VIII. STUDENT REPORTS

Under provisions of the Educational Rights and Privacy Act of 1974, as amended, the following policies are established by Alice Lloyd College.

A. Notification of Your Rights Under the Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (“FERPA”) affords Alice Lloyd College (“ALC”) students certain rights with respect to their education records. They are:

- 1) The right to inspect and review the student’s education records within 45 days of the day ALC receives a request for access.**

Students should submit to the Registrar, Dean, head of academic department, or other appropriate official,

written requests that identify the record(s) they wish to inspect.

The ALC official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the ALC official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2) The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask ALC to amend a record that they believe is inaccurate or misleading. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If ALC decides not to amend the record as requested by the student, ALC will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent the FERPA authorizes disclosure without consent.

One exception is disclosure without consent to school officials with legitimate educational interests. A school official is a person employed by ALC in an administrative, supervisory, academic or research, or

support staff position (including law enforcement unit, personnel and health staff); a person or company with whom ALC has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate education interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. Upon request, ALC discloses education records without consent to officials of another school, upon request, in which a student seeks or intends to enroll.

4) The right to request that ALC not release directory information.

ALC may release without the student's prior consent that information which ALC has designated as "directory information." ALC has designated the following information as directory information. The student's name, address, e-mail address, telephone listing, date and place of birth, current class schedules, class, ALC ID number, classification, part-time/full-time status, photograph, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most previously attended educational agency or institution.

A student has the right to prohibit disclosure of any or all directory information. To do this, the student must identify in writing which type of directory information he or she forbids from disclosure. The written notification must be delivered to the Registrar's Office by the last date of late registration.

5) The right to file a complaint with the U.S. Department of Education concerning alleged failures by ALC to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-44605

IX. FINANCIAL AID, STUDENT WORK and STUDENT LIABILITY

A. Financial Aid

It is essential that students understand all components of their financial aid package. The Financial Aid Office (located on the first floor of the June Buchanan Alumni Center) tries to answer all students' questions before school starts. Students unclear about any aspect of their financial aid package should direct all questions to the Financial Aid Office. For further information concerning Financial Aid, please consult the College Catalog.

The Financial Aid Office is handicap accessible.

B. Student Work Program

All full-time students at ALC are required to work 160 hours per semester in the Student Work Program. Assignments will be made by the Dean of the Student Work Program. These jobs are varied and all students are paid at the prevailing minimum wage rate.

If a student performs unsatisfactory work, fails to work, or fails to abide by general and departmental rules, his or

her supervisor or the Dean of the Student Work Program will give a written warning. The warning will serve as a written documentation of the specific problem. All written warnings will become a part of the student's permanent work record and will be kept on file in the Student Work Office.

The warning system is based on the following:

- Warning # 1 - a written statement given by the supervisor or Student Work Dean.
- Warning # 2 - mandatory meeting with the Student Work Dean.
- Warning # 3 - student work probation, with a mandatory meeting with the Dean of the College.
- Warning # 4 - due to continued failure to abide by general and departmental rules, the Student Work Dean may recommend suspension from the work program.

Suspensions will be handled by the appropriate Dean.

If a problem occurs that is so flagrant that it requires immediate attention, then the matter may be taken directly to the Dean of the Student Work Program, possibly resulting in immediate probation, suspension, or expulsion by the Dean of the College. Being placed on work probation also results in the student losing his/her choice in work assignment for the next two semesters.

Delinquent or Excessive Time – delinquent time results when a student misses work (excused or unexcused) without making it up.

All delinquent time must be removed by the end of each semester. Any student falling 50 or more hours short at any time throughout the semester (without

good cause), will be sent to the appropriate Dean for disciplinary action. All students that fail to work their contracted hours by the end of the semester, must make arrangements to satisfy their delinquent time before a transcript can be released. Students wishing to return to, or graduate from, Alice Lloyd College may be suspended, expelled, or not allowed to graduate if work issues have not been settled.

The Dean of the Student Work Program will review each case on an individual basis. The delinquent time must be taken care of before the student will be permitted to enroll for the next semester, get a transcript, or graduate.

C. Fee Payment and Procedures

For most ALC students, the major portion of education costs is paid through the College's Financial Aid Program. Students can prepay their fees in the summer.

Students whose financial aid packages do not satisfy their cost of education (tuition), room and board, and fees are required to pay 100% of their total balance at or before registration. Students who owe any balance should make arrangements for payment prior to Preregistration. Preregistration for Spring Term takes place late in November; for Fall Term in late April. There is a \$15 service charge on **all** returned checks.

Students owing an outstanding balance may be prohibited from receiving grades, graduating, or receiving a transcript.

D. Satisfactory Academic Progress (SAP) Criteria for Financial Aid

Satisfactory Academic Progress (SAP) ensures students are able to complete their academic program in a timely manner while maintaining adequate academic standards. In

an age of increasing accountability of the use of federal student aid funds (and other federal, state, and institutional funds), institutions and students must demonstrate financial aid funds are being used to assist students in completing their academic goals in the most efficient way.

Federal regulations mandate that all students maintain SAP toward a degree in order to receive assistance through Title IV federal financial aid (including, but not limited to, the Pell Grant, Stafford Loan, Perkins Loan, Parent PLUS, Federal Work-study, Supplemental Educational Opportunity Grant, TEACH Grant,) and need-based state aid (such as the Kentucky Tuition Grant and Kentucky CAP Grant) programs. Students must meet the academic standards as outlined in the SAP policy. These standards are for financial aid purposes only and neither replace nor override academic policies outlined by Alice Lloyd College. The SAP policy applies to all undergraduate students.

Policy Components

There are three components of SAP consisting of quantitative and qualitative measurements. Quantitative measurements evaluate the pace and progress by which a student is working toward the completion of his or her program. This is measured by establishing a required percentage of credit hours that must be passed when attempted and by a maximum time frame in which a student must complete the required coursework. The Qualitative measurement evaluates the quality (GPA and academic standing) of the student's academic work.

Quantitative Requirements:

1. Maximum Time Frame

All students are expected to finish their program within a maximum time frame as determined by the college. All

attempted credit hours are considered toward the maximum allowance, regardless of whether or not the student received financial aid.

Undergraduate Students: A student’s total cumulative attempted hours may not exceed 192 hours (150% of the minimum 128 hours required to earn a bachelor’s degree – 128 hours x 150% = 192 hours).

2. Pace

Undergraduate students must be on target to complete their academic program within the set time frame. To determine if a student is meeting this standard, total **cumulative earned** hours are compared to total **cumulative attempted** hours. The result must be 66.66% or greater, which means the student must complete and pass two-thirds of their cumulative attempted hours.

Examples:

Cumulative Earned Hours	Cumulative Attempted Hours	SAP Evaluation
12	24	12/24=50% Does NOT meet SAP
60	75	60/75=80% Does MEET SAP
60	99	60/99=60.61% Does NOT meet SAP

Qualitative Requirements:

3. GPA and Academic Standing

Undergraduate Students: Students must maintain at least a cumulative 2.0 official GPA and be in good standing, not dismissed nor suspended from their academic program, as determined by the Academic Dean’s policies.

Evaluation and Notification

SAP will be reviewed at the end of each academic semester to determine if students meet the requirements. If the student fails to meet SAP after one semester, they will be placed on “Financial Aid Warning”. The student will be eligible to receive aid for one semester. At the end of the warning semester, the student will be evaluated again. If the student regains SAP there is no further action and the student will remain eligible for financial aid. Students who fail to regain SAP will be placed on “SAP Suspension” and be ineligible to receive financial aid until SAP is met.

Students who lose eligibility for federal, state, and institutional aid due to not meeting SAP requirements may:

- Earn the necessary GPA or semester hours to meet the minimum requirements while not receiving federal and state need-based financial aid, or
- Submit a SAP appeal.

Unless dismissed due to other circumstances, students denied federal, state, and institutional aid may continue to attend ALC using other aid sources or by funding their education themselves.

It is the student’s responsibility to monitor his or her academic progress and to be aware of the requirements of his or her program and SAP standards.

Appeal Process

A student determined ineligible for financial aid for failure to meet the Alice Lloyd College Satisfactory Academic Progress standards has the right to make a written appeal to the Financial Aid Office if he or she can demonstrate:

- Failure to meet the minimum standard was caused by extreme or unusual circumstances beyond his or her control (natural disaster, family illness, etc.)
Third Party Documentation of circumstances

described in the letter must be included with the written appeal), and:

- He or she has resolved the issue(s) that caused the deficit, and:
- Issue(s) will not affect his or her performance in the future.

This letter should be sent to the Director of Student Financial Aid at:

100 Purpose Road
Pippa Passes, KY 41844

If an appeal is approved, the student will be placed on probation. His or her SAP will be evaluated the following semester he or she is enrolled to ensure the student is still meeting the appropriate requirements. If at the time the stands are not met, a SAP hold will be placed back on the student's account and any federal aid and state grant aid in future semesters will be canceled.

Limit of Appeals

A student may appeal only twice during their academic career at ALC. This appeal cannot be regarding the same situation both times.

Notification

All notifications will be sent in two ways: a letter will be sent to the student's home address and an e-mail will be sent to the student's Alice Lloyd College e-mail address.

Other SAP Information

Additional information regarding grades, credits, academic policies and study abroad:

- *Earned Hours*: A, B, C, D, Pass and Transfer Hours accepted by Alice Lloyd College
- *Attempted Hours*: All earned hours, plus W, F, I U (with exceptions listed below)

- *Accepted Transfer Credits:* Count as earned and attempted hours; are not factored into the student's GPA calculation.
- *Repeat Courses:* Courses count as attempted hours each time taken, regardless of whether federal financial aid is received. If the class is passed, it is also counted as earned hours. If a student is using any of his or her three repeat options offered through the Registrar's Office, the initial enrollment in the course (the class which is being replaced) will be included as attempted hours and excluded from earned hours if previously passed (which impacts pace), and it will be excluded in the GPA calculation.
- *Incomplete and Withdrawal Grades:* Count as attempted hours; do not count as earned hours.
- *Audited/Non-Credit Courses:* Excluded from all calculations and will not be considered when determining SAP status.
- *Study Abroad:* Courses accepted by Alice Lloyd College.

E. Withdrawal Liability

The College regards the registration of a student as a binding financial agreement. For this reason, special procedures must be followed in the event a student withdraws from the College. A formal withdrawal petition needs to be circulated, establishing the date of withdrawal and the percent of liability owed to the College for tuition, room, and board. Students who leave school before the end of the semester may owe the College money based on the refund policy, which is federally mandated. Students are no longer eligible for financial aid after withdrawing from Alice Lloyd College twice.

F. Refund Policy

The College has established refund policies for recipients of student financial aid. First-time students receiving Title IV aid are refunded on a prorated basis for tuition, room, board, and fees. Refunds are not granted after 60% of the semester has elapsed. The refunds are applied to the programs in the order listed:

- 1) Federal Direct Loans
- 2) Federal Plus Direct Loans
- 3) Federal Pell Grants
- 4) Federal SEOG Grants
- 5) Other Federal Grants
- 6) KHEAA Grants (KTG, CAP, KEES)
- 7) Bagby Loans
- 8) ALC Grants
- 9) Student.

Students cannot graduate nor have transcripts released if they are indebted to the College. Students receiving institutional aid are charged according to the percentage of the semester attended and refunded up to 12 weeks in the semester any overpayments made.

G. Refunds for Student Textbooks, Secondary Items

Refunds will be given only when the following conditions apply:

1. The student must have the original sales slip.
2. The item which is being returned is a textbook.
3. It is being returned on or before the Drop/Add date.
4. There are no marks in or damage to the textbook.

If there is sufficient money in the cash drawer, the exchange can be made from there. If this is not possible, the student will be referred to the Business Office, where a refund check will be arranged. Refunds/Exchanges of

secondary items are permitted under the following conditions:

1. The item was damaged upon purchase.
2. Apparel was wrong size.

X. ADDITIONAL ACADEMIC POLICIES

A. Intellectual Property Policy

Alice Lloyd College encourages learning, teaching, and the creative activities of its faculty, professional staff, employees and students and the uninhibited dissemination of new knowledge. These activities serve an important function in the furtherance of academic freedom and excellence and innovation in education.

Within this context, this Intellectual Property Policy (the “Policy”) is intended to achieve the following objectives and purposes:

- to serve the public interest by ensuring that the highest quality and most promising new discoveries, ideas, art papers, books, computer software and other works are made available for public use.
- to protect the use of its resources and recoup costs associated with creative activities sponsored by the College.
- to assist its faculty, professional staff, employees and students in complying with applicable laws and formal agreements and in gaining protection under the United States laws governing patents, copyrights, trademarks, and trade secrets.

This Policy covers all types of intellectual property, including, in particular, works protected by copyright,

patent, and trade secret laws. Although the following list is not exhaustive, it provides typical examples of the kinds of work the Policy addresses: inventions; creative visual works; creative writings; technology/innovation; multimedia materials; copyrightable materials; source and object code; know-how; and audiovisual materials.

A copy of the College policy on intellectual property can be found in the Student Life Office.

B. Academic Freedom

If there is a complaint regarding an abuse of academic freedom by a faculty/staff member of Alice Lloyd College, every attempt should be made to resolve it first through discussion between the complainant and the faculty/staff member, then between the complainant and the division chair or line officer. If the complaint is not resolved in this manner, the student may submit a formal appeal in writing to the Vice President for Academics/Dean of the College, who may appoint a committee of three faculty/staff members to investigate and provide recommendations on the merits of the complaint, before a final decision is rendered by the Vice President for Academics.
